A DAILY THOUGHT.
"Nature has written a letter of credit on some men's faces which is honored wherever presented."

THE SUN AS A GOOD AD.
VERTISING MEDIUM.

The Paducah Furniture Company placed an ad in the Sun one day last week advertising a run on a special chair they had in the house. The ad was inserted only one time, yet the returns from it were simply wonderful, the house closing out the entire lot in a very few hours.

There is only one moral to this tale and that is, if you would reach the people advertise in The Sun.

A DEMOCRATIC VIEW.
Mr. Daniel E. O'Sullivan, formerly of the Louisville Critic, and now of the Free Lance, and a prominent Democrat, says in the recent issue of his paper:

"The Ripley trial at Frankfort proves conclusively that Tom Campbell, his amateur detectives and professional confederates have no knowledge of who killed William Goebel. They have thrown out a drag net, hoping to ensnare some one who will confess and clear up the mystery. They are no nearer a solution than they have ever been. The arrest of Garnet Ripley, charged with being an accomplice in the assassination, was an outrage. It is an attempt to ruin the character of an innocent man, whose sole offense was raising a military company under the orders of a de facto governor and his adjutant general. Suppose he did say that Goebel would be killed if he were declared governor by the contest committee. If every man in Kentucky who made that prediction were hung, there would not be trees enough to accommodate the victims."

"Garnet Ripley is simply a boastful, loose-talking fellow, who wants to be more important than he is. Judge Yost swears that when Ripley repeated what Governor Taylor was alleged to have said, that he seemed to be under the influence of liquor. It is evident that the prosecution has tried to thumb-screw the prisoner into a confession that would implicate Taylor."

"The Free Lance believes that Goebel was murdered as the result of a plot. Yontser was a member of the conspiracy, beyond any question, and others more prominent had guilty knowledge of it. These assassins should be discovered and punished, but the public is beginning to think that the methods adopted by Tom Campbell and the Goebel brothers are a disgrace to the state. When men can be railroaded to prison or the gallows by Democratic juries, on the testimony of confessed perjurers, without being given a show for their life, it is time to call a halt."

LOOKING FOR TROUBLE.

The city council is fixing to have another indictment found against the city for maintaining a nuisance. The present council hasn't had but two or three indictments against it on this charge, and now the city attorney comes forward and advises the board that if the case against the city for maintaining a nuisance by keeping the gutters in a filthy condition on Madison street ever goes to trial, the city will certainly be fined heavily. Directly afterwards the council refused to take any steps towards abating a similar nuisance on West Broadway, because the property owners had refused to dedicate to the city property for the construction of gutters. The property owners, in refusing, doubtless did as they thought best, but if the council wanted gutters in that locality very badly, it could easily have found a way to get them. Because the people who own the property and will not voluntarily give it up is no reason that the health of every body else in the locality should be jeopardized by the disease-breeding troughs that line the street on West

Broadway. Other people have rights besides those who own the property, and as the condition of the gutters complained of is such that the health of the entire locality is menaced, the council should have some respect and consideration for the rights of some of the others.

When the street inspector was instructed last night to have the street at First and Broadway placed in good repair, the council might have gone still further and instructed him to put the streets in about five hundred other places in good repair. The street at Third and Court is a disgrace to the city. The street car rail is several inches above the street, and it is positively dangerous to drive or ride over it. In scores of places where railroad or car tracks cross the streets there is a similar state of affairs, and if it is the duty of the respective companies to keep up the streets adjacent to the tracks, then it is still the fault of the city that the condition of the streets is so bad, for not having officers who do their duty better and compel those whose business it is, to repair the streets. North Fifth street from Broadway to Clay is a serious menace on account of the numerous bowlders that stick up and jolt almost into pieces everything that passes over it. It is extreme torture to ride a bicycle over it, the wheelmen declare, and the wear to vehicles should prompt the city to take some steps to place the thoroughfare in something like good condition before the summer, if nothing else.

The council is at its old tricks, putting everything off. About a month ago the council authorized the appointment of a milk and meat inspector. The ordinance providing for the same, if the city attorney has the ability accredited to him, could be drafted in a short time, yet nothing has been done towards passing the ordinance and appointing the official. If there is any reason for delay the general public is not familiar with it. The hot weather is almost upon us, and it is time something is done towards protecting the people from impure meat and milk, which are naturally found often in warm weather than cold.

Thus far, on account of the cold weather, the incomplete condition of the exposition, or for some other reason, the big show at Buffalo has not been a howling success, and it has closed until the twentieth, when the formal opening will take place. The gates were opened on Sunday, but the buildings were all closed, which formed quite a paradoxical inconsistency. Two shows in the midway attempted to open up but were promptly restrained, and will make a test case of the question in the courts, claiming that their contract entitles them to open every day the exposition is open to the public.

The new city hospital in St. Louis will cost \$258,000, and will be completed by the end of the year. It will take Paducah longer than that, as she has already been thirty years on a new hospital and it hasn't even been started. When thirty years ago the city failed to make any impression on the obdurate councilmen of Paducah, the people are inclined to the opinion that they never will get a new hospital.

Over in Honolulu they have a president that runs things to suit himself in the latest improved methods. Both houses requested him to extend the term of the legislature in order that important business might be transacted, but he didn't think the important business was important enough so the legislature had to adjourn on schedule time.

Holl has been located at last—by two Paducah councilmen. It was generally thought that some of the councilmen would finally find it, but few believed that they'd find it so near home.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CITY SOLONS

A Long Winded Meeting of the Council Last Night at the City Hall.

A LICENSE WAS REFUSED

Action in Several Important Matters Postponed Until Some Future Meeting.

BUSINESS TRANSACTED LAST NIGHT

The regular meeting of the council was held last night and all the members were present except Mr. Davis. Under the finance committee's report was filed the request of the board of education for an amount equivalent to a forty-five cent levy to run the schools the coming year.

Wharfmaster Fowler reported the collection of \$74.60 in March and \$90.50 in April.

City Tax Collector Kraus reported the collection of \$156.54 back taxes. The ordinance relative to accepting the recent census and petitioning the next legislature to admit Paducah into the second class was presented by Councilman Jones and given final passage.

The ordinance providing for the improvement by paving of Third street from Broadway to Jefferson street was given final passage.

An ordinance providing for the grading of Twelfth street from Jackson to Caldwell was given first passage.

Further time was granted Chairman Hannan, of the street committee, in regard to the various bills that are contemplated throughout the city.

Chairman Gilson, of the public improvement committee, was granted further time in which to present sketches of the desired improvements on the market house.

The committee was granted permission to have the roof of the South Side fire station painted and the coal and sawdust houses removed to a more convenient locality.

A claim of J. C. Farley for rebate on street improvements alleged to have been erroneously paid was referred to City Attorney Lightfoot.

The usual number of saloon licenses were renewed. J. L. Jones' application was voted on separately and a protest heard. The license was granted, however.

John Carr, colored, applied for a renewal of license at Seventh and Washington streets but was refused. Mr. Joe Randall was present and entered a protest in behalf of property owners, and residents. The vote was 9 against 2 for.

The application of J. R. Reynolds, colored, for saloon license at Seventh and Adams was read, and Councilman F. G. Rudolph entered a vigorous protest. He said he had lived in the locality for sometime, and that it was just about three inches from hell. Mr. Jackson amended by declaring that it was still nearer hell than three inches. Owing to the proximity of Hades the license was refused by a vote of 10 to 1.

The appointment of Messrs. Joseph Collins and Moss Council in the first department to succeed Messrs. Joe Cook and Harvey Allen, resigned, were ratified, and their bondsmen were accepted.

City Attorney Lightfoot reported that Mr. Sam Liebel had no cause of action against the city for the injuries received by his horse recently by falling into a crossing. The latter, he said was a private crossing, and the city had nothing to do with it.

The fire committee was not ready to report in regard to purchasing the aerial ladder. Further time was granted the public improvement committee in fixing up the park in Fountain avenue.

In regard to the extension of water mains to Rowlandtown, it was reported that Superintendent Muscoe Burnett was willing to make the extension provided that the requisite number of subscribers, three to every block, were secured.

Further time was granted the committees in the following matters: Improving Sixteenth street from Broadway to Jefferson by graveling; bringing in the ordinance providing for a meat and milk inspector; the matter of having more electric lights strung throughout the city; extending water mains to Rowlandtown.

The controversy with the Torian heirs in regard to street improvements in the West End was settled by the city paying the amount in question.

The trouble was occasioned by the city's running a street over property not previously dedicated. A resolution was adopted that hereafter all city contracts be awarded to

contractors employing union labor. Street Inspector Uteback was instructed to put Broadway in good condition at First street.

The matter of decorating the city hall for the carnival was deferred. Mr. W. E. Robertson, of the Pan-American Decorating company, who has the official decorating privilege, offered to do it for \$50. A local man wanted to do the job also, and the matter was left open.

The council, in response to a petition, ordered an electric light on Thirtieth street between Burnett and Flournoy.

Councilman Elliott spoke against placing too many lights in. He said that while the dynamo just put in gave the city more power, the boiler and engine power were the same. He said but twelve more lights could be put in.

City Attorney Lightfoot advised the council to order Madison street paved from Tenth to Eleventh. He said the city was indicted for maintaining a nuisance in the form of filthy gutters in the locality, and that if the case went to trial a conviction would certainly result. The council authorized the drafting of the proper ordinance.

City Attorney Lightfoot was authorized to take an appeal in the case of Ramsey against the city and William Erler, in which a verdict for \$500 was rendered for injuries received by falling into a sewer ditch.

The council decided that the filthy gutters complained of by Councilman Hannan on West Broadway on this side of Fountain avenue could remain filthy, as the property owners had refused to dedicate any of the property for street purposes or side walks.

Mayor Lang stated that he had notified the N. C. & St. L. to place a flagman at Third and Norton streets.

The question of providing more benches for the market house was referred. There have now been let more privileges than there are benches.

The council then adjourned.

BISHOP MORRISON.

HE WILL PRESIDE AT FIVE CONFERENCES THIS YEAR.

Bishop H. C. Morrison, a brother to Mr. C. W. Morrison, of the city, has been assigned to preside over the following conferences by the college of bishops of the M. E. church South:

West Virginia Conference—Huntington, W. Va., September 4, 1901.
Illinois Conference—Murphysboro, Ill., September 19, 1901.

Memphis Conference—Dyersburg, Tenn., November 13, 1901.
North Mississippi Conference—Winnona, December 5, 1901.

Mississippi Conference—McComb, City, December 12, 1901.

SNEAK THIEVES ABOUT.

"Sneak" Clark, a hack driver in the employ of the Palmer-Wilkerson and Kirby Transfer company, missed a pair of shoes and a hat this morning and the theft was reported to the police this morning.

There is a gang of sneak thieves at work in the city and the police are doing all in their power to break it up.

DIDN'T SELL OUT.

Contractor Shelton, who had the carpenter work on the Crawford addition at Third and Norton, states that he did not sell his contract to a union contractor after the brick masons declined to work unless union carpenters were employed. He simply returned the contract to the owner of the house, and the latter then let it.

COURT AT HICKMAN.

Hickman, Ky., May 7.—Circuit court is in session here, Judge Robbins presiding. There is an unusually large docket, with two or three murder cases to investigate.

THE CLERKS MEET.

The Clerks' union met last night at their hall, but had no initiations. They had several matters of importance to discuss, but nothing of a public nature was done.

LOST \$750.

J. FRANK SANDERSON CLAIMS HE HAD HIS ROLL STOLEN.

J. Frank Sanderson, a tobacco man of Mayfield, went to the police yesterday afternoon and reported the theft of \$750 which he claims was stolen from him in one of the houses of the red light district.

The police went to work on the case but could not find a clue to the identity of the culprit.

Sanderson returned home on the 6 o'clock train yesterday afternoon and offers a half reward for the recovery of the money.

MAY NOT RECOVER.

ENGINEER NOURSE REPORTED IN A DANGEROUS CONDITION.

Cairo, Ill., May 7.—The condition of Engineer William Nourse, in St. Mary's hospital took a change for the worse Saturday, and all visitors have since been denied him. His brother, a distinguished physician in charge of the city hospital at Butte, Montana, is now at his bedside superintending the case. A difficult operation is to be performed on Mr. Nourse to remove the pus which has formed from the knife wound through the lung under his heart. His condition is very precarious with chances however favoring his ultimate recovery.

A DRUMMER'S YARN.

HE SAYS A PECULIAR BUG IS OPERATING IN TEXAS.

A drummer, who has just come from a trip through Texas, says that a new species of bug has destroyed all the wheat in the southern section of that state and that the wheat has been replaced by cotton.

"The bug is a little larger than the ordinary June bug and is of a greenish color," the drummer remarked, "and when I left Texas it had destroyed nearly all the wheat in the southern section."

SPEND THE SUMMER IN THE MOUNTAINS.

If there is one region more favored than another, or more suited for the health and pleasure seeker during the summer months, it is among the Cumberland and Lookout mountains of Tennessee. In these mountains, along the lines of the Nashville, Chattanooga and St. Louis railway, are to be found many health and pleasure resorts, such as Monteagle, Lookout Mountain, East Brook Springs, Bon Aqua Springs, Red Bolling Springs, Nicholson Springs, Eastell Springs, Beardsela Springs and many others; all offering attractions mostly contributed by nature.

The pleasing topography, shady nooks, green grass and splendid waters of Middle Tennessee in the highlands and mountains insure to the visitor and to those seeking rest and recuperation the very best advantages. This region is within easy reach of Western Kentucky, West Tennessee and the great Mississippi river bottom.

The facilities for reaching these resorts are the very best that can be afforded, consisting of convenient schedules, fast trains, sleeping car accommodations and everything that can conduce to the comfort and pleasure of the passenger.

Think seriously of spending the summer at one of these resorts, and write to R. C. Cowardin, city passenger and ticket agent, Memphis, Tenn., or to W. L. Danley, general passenger agent, Nashville, Tenn., for descriptive literature.

Rheumatism is conceded to have its origin in a poisoned condition of the blood, and to be most successfully treated by HERBINE, which acts upon the liver, kidneys and other blood purifying organs, thereby diverting the system of the offending agents. Price 50 cents.

A CARD OF THANKS.

I wish to herein express my thanks to the old friends and patrons of the Paducah stock yards for the liberal patronage and favors shown us in the past five years and am confident that I only express the appreciation that my late husband and son would feel if living. I have leased the stock yards to Mr. Gus Thompson who needs no introduction from me, as he is one of your own people, having lived in Paducah all his life. However, I hope you will give him the same encouragement extended to the old firm. Again thanking you I beg to remain with kindest feelings. Yours very truly, Mrs. W. P. BARNHILL.

FARMERS RETURN

THE LAST FAMILY DRIVEN OUT BY THE FLOOD IS BACK.

All the Illinois farmers who were forced out of their homes by the rise have returned. The Steamer Bettie Owen carried the last family over this morning. All the corn that had been planted was washed up and the farmers have it all to do over again. Their property was not damaged otherwise than a good flooding.

By the burning of his barn, Mr. James Nealy who lives about six miles back of Unionville, lost heavily. The fire occurred the latter part of last week and nine head of horses were burned to death besides the loss of all the farmer's hay, corn, oats and other produce.

The exact amount of the loss has not been determined but it will amount up into the thousands. The blaze was thought to have been started by a tramp who slept in the barn the night of the fire.

MISS TULLY'S CONDITION.

It is reported that Miss Kate Tully, of the city, who was recently taken to the Hopkinsville asylum, is in a serious condition, and has eaten practically nothing and slept very little since she was admitted.

Observation taken at 7 a. m. River 34.8 on the gauge, a fall of 1.5 in last 24 hours. Wind northwest, a good breeze. Weather, cloudy and warmer. Temperature 65. Poll, Observer.

T. M. Edwards purchased of Laura S. Carter, for \$85, property on Jones street.
